POINT OF USE WATER PROGRAMS

Refreshing Cold and Hot Water On Demand!

- ✓ High Performance Filtration: Multi-stage filtration removes common water contaminants and chlorine to dramatically improve water taste and odor.
- ✓ Firewall™ Advanced UV Purification: Firewall ultraviolet light purifies the water to 99.9999% bacteria free. It acts as a final barrier to pathogens right at the point of dispensing.
- ✓ BioCote® Antimicrobial Protection: Plastic surfaces surrounding the dispensing area are infused with BioCote® which actively reduces levels of microbes on a surface by up to 99.9%.
